Netherlands Journal of Agricultural Science

Volume 40 (1992)

Subject index

This index lists the keywords given in the headings of the papers. The number refers to the first page of the paper involved

activity, physical 111
agro-ecosystems 209
analysis, growth 73, 91
anthesis 409
apple 257
arable farming 225, 239
Arachis hypogaea 73
arboriculture 269
artificial urine 469
attitude, consumer 277
automated method 401
balance(s)
–, mineral 209, 225, 269
–, phosphorus 301
basic income, employment and 209
biological control 257
biomass, microbial 173
Brassica oleraceae var. *botrytis* 43
broilers 111
canopy, crop 359
carbohydrates 431
cattle
–cross-bred 301
–dung 469
cauliflower 43
cell wall 137
chicks, neonatal 1
competition, weed 73, 91
composition, milk 147
conditions, labour 277
conservation
–, nature 301
–, soil 373
consumer attitude 277
control, biological 257
conversion 239
cow(s) 147, 431
–, dairy 301
–, suckler 301
crocus 251
crop
–canopy 359
–, pilot 277
–productivity 373
–protection 269
–rotation 209, 225, 269
–yield 51
cropping inputs 373
cross-bred cattle 301
cultivar 159
dahlia 251
dairy
–cows 301
–farming 285
degradability 431
degradation 137
digestibility 123, 147, 401
distribution of weed growth 73, 91
dormancy 159
dung, cattle 469
ecological farming systems 209
economic evaluation 251
economy, farm 301
employment and basic income 209
energy 277
environment 209, 225, 239, 315
environmental demands 285
enzyme treatment 137
evaluation, economic 251
extension 239
faba beans 447
farm economy 301
farming
–, arable 225, 239
–, dairy 285
–, integrated 301
–systems, integrated 225, 239
–systems, ecological 209
farms, pilot 239
fermentation 431

–rate 401
fertilization 43
fertilizer nitrogen 51
fertilizers 209, 225, 239, 269, 277
flowerbulb production, integrated 251
food 209
forage production 285
formation, pod 73
fruit production, integrated 257
fumigation, soil 251
gas production, in vitro 401
Glycine max 91
grain set 409
grass 147
grassland 173, 187
